NEWS FROM FRANCE

MRS. G. H. BARAGER TELLS OF LETTERS FROM HER SON KENNETH, NOW OVERSEAS

Mrs. G. H. Barager of Long Beach, who for some years was a resident of Glendale while Mr. Barager conducted a furniture business here, was a visitor in this city Monday. She reports the receipt of a recently written letter from her son Kenneth, formerly connected with the Dun Commercial Agency and well known here. He is a member of the 23d Engineers and is now in France. In the same company with him is Jack Robertshaw, who is also a Glendale boy. Kenneth wrote his mother quite a description of the life on board ship while they were crossing and sent her copies of the daily editions of the little publication called "The Hatchet," printed en route, including the anniversary issue celebrating the advent of the United States into the war. He related that one day he heard a familiar voice say, "What do you know about that?" and turned to discover Ralph Proctor of Glendale. Ralph had a lot of Glendale papers which Kenneth was glad to devour. Among them was a paper containing the list of Glendale boys in service, including his kid brother Donald, but his own name was not there. "So soon am I forgotten," he comments in his letter. He wrote that on the eighth day the boys were not allowed to undress, they had to keep their canteens filled and wore life preservers. They saw no submarines but one day fired at the fin of a porpoise and the excitement was just as intense as though it had been the real thing. One day they had burial services for a private who had died at sea. They arrived safe and sound April 13th and on Mother's Day he sent his mother the cable message, "All safe so far. He desired her to tell every one that the thing soldiers want most is letters. The Jack Robertshaw mentioned has been injured and been in the hospital, but his mother has just had word he is getting along nicely.

Mr. and Mrs. Barager went Sunday to say farewell to their son Donald, who expects to be called any time. He is in the company with Harold McElroy, Howard McGillis and other Glendale boys. It is pretty hard for her to send two boys to the front, but she is a brave woman, patriotic enough to make a mother's supreme sacrifice for the Nation.

GIVE THEM A WELCOME

Mrs. Dora Gibson, Director of Music in Union High School, who has a son in the service of his country, has called attention to the march that is to be made by the 143d Artillery to Los Angeles this week to camp in Exposition Park. They left Camp Kearny Saturday and expect to reach Exposition Park on Thursday at one o'clock. They have been brought through the influence of the Los Angeles Chamber of Commerce and a committee has been working in connection with Chamber officials for their reception and entertainment while there. Receptions will be given them all along the way. The detachment is made up of boys from Los Angeles and suburban towns, and will include many from Glendale. At Seventh and Stephenson avenue as they enter the city they will receive the greetings of citizens and the committee suggests that Glendale people go out that way by autos and otherwise to welcome them as they come in, and that they decorate their machines with Glendale pennants. A ball will be given for the boys Saturday night at the Shrine Auditorium.

A COMING EVENT

PROSPECTIVE WEDDING OF VERNON R. COWSERT AND MISS HELEN P. NORMAN

Pastor and Mrs. Vernon H. Cowsert wish to announce the engagement of their son, Vernon R. Cowsert, to Miss Helen P. Norman of Toronto, Canada, the wedding to take place at an early date. Miss Norman is a present guest at the Pastorium, having arrived from Toronto last evening, being accompanied by her father as far as Chicago, and by a friend of the family from Pasadena the rest of the way. She has come thus early in order to be present this afternoon at the commencement exercises of Occidental College, where Mr. Cowsert graduates with the degree of Bachelor of Arts and delivers the valedictory address. He also receives the "First Honors" and has made a record at the institution by completing the four years' course in two and a half years and with a practically perfect average. He and Miss Norman were classmates at the Parkdale Collegiate, Toronto, where they graduated in the same class in 1915.

THE TROPICO STATION

CITIZENS MEET TO CONSIDER CHANGE OF NAME FROM TROPICO TO GLENDALE

The question of changing the name of the Southern Pacific Railway station from Tropico to Glendale was discussed at an informal meeting of a few of the citizens of the community Monday afternoon at the City Hall. G. J. Blech, division freight agent for the S. P. Railway, upon invitation of City Manager T. W. Watson, was present to hear the arguments presented for and against changing the name of the station. Mr. Blech explained that if the name of the station is changed to Glendale, then this point will be known to all railroad officials and to shippers as Glendale station proper and unless a special request is made by business men residing in the neighborhood of Brand and Broadway and other sections of the Glendale community, freight shipments will be made to what is now the Tropico station and not to the Pacific Electric station at Brand and Broadway.

It seemed to be the opinion of those present that this difficulty could be easily overcome by the consignee of the goods making a request as to the destination of the shipment.

A vote of those in attendance indicated that all were in favor of the name Tropico being changed to Glendale on the Southern Pacific station building at what is now the Tropico station.

Persons present who participated in the discussions were City Manager T. W. Watson, C. W. Kimberly, Hal Davenport, J. G. Hunchberger, J. Herbert Smith, J. F. Lilly, A. T. Cowan, R. L. Kent, Ed M. Lee, H. P. Coker, J. W. Usliton, Norton Wells, Herman Paine, A. G. Cornwell.

Mr. Blech announced that he would report the sentiment of the citizens present to the railroad officials and Manager Watson stated that he would report to the City Trustees the opinion expressed by those present at the informal meeting, and after giving due publicity to the contemplated change of name, if there is no well-founded objection, the change will be made, providing the Railroad Company will agree to it.

WANT BETTER MAIL SERVICE

Citizens of the Tropico district are complaining about the poor mail delivery service they are getting in some parts of the city, and many citizens of Glendale have also been making complaint. The blame is not placed on the local carriers or on the postoffice clerks, but the fault seems to be on account of a lack of system and a controlling power in the Glendale mail distributing territory.

At a meeting held in the City Hall Monday afternoon a committee was named to inquire into the defects of the service, and then formulate plans by which these defects may be corrected. This being done, the question will be taken up with the proper officials of the United States Postoffice Department, asking for changes in the time of the incoming and outgoing mails, changes in method of transporting mails between Glendale and Casa Verdugo and Glendale and Tropico. Also that the rural routes going out from Glendale be known as Glendale routes instead of Los Angeles routes. Mail that is now delivered to homes in and near Glendale by carriers from Los Angeles and Burbank postoffices should go out from the Glendale postoffice. Among those present there seemed to be a strong sentiment to secure an independent postoffice for Glendale.

The members of the committee appointed to inquire into present mail delivery conditions are Hal Davenport, A. G. Cornwell, J. Herbert Smith, Norton Wells, J. F. Lilly, R. L. Kent, A. T. Cowan.

JOHN ROMAN'S STUDEBAKER

For almost ten days the editor of the Evening News has been trying to find suitable words to express the beautiful appearance of the John Roman touring car since it has been made over with a new top and the entire car painted a brilliant light brown color.

Mr. Roman, who resides in Glendale, is a member of the firm, Dustin-Roman Auto Top Company, located at 1041 South Figueroa street, Los Angeles. He was the owner of a Studebaker touring car which has been made to appear the most handsome car in Southern California.

Its artistic beauty can not be described with words—it must be seen to be appreciated. Wherever Mr. Roman goes with this handsomely finished car it attracts the attention of automobile lovers. What the Dustin-Roman Auto Top Company has done in the way of enhancing this car can be done in respect to other cars.

GERMANS PRESSING OFFENSIVE

ALLIES ARE HARD PRESSED BUT RESERVES ARE ARRIVING ON THE AISNE AND SOISSON FRONTS

(Special Service to Glendale Evening News)

The Germans are pressing their offensive on both the Aisne and the Flanders fronts today. After crossing the Aisne between Vailly and Berry-au-Bac last night the enemy further attacked the entire Aisne front. French military officials declare the British and French are greatly outnumbered, but report the arrival of allied reserves on the Aisne plateau. The Flanders fight centers on Dickebusch Lake where the French yesterday recaptured ground the Germans had taken earlier in the day.

LONDON, May 28.—General Haig reports powerful enemy attacks on the forty mile front between Rheims and Soissons. The enemy crossing the Aisne caused the British left flank to fall back. Local fighting developed this morning on the Lys front east of Dickebusch lake.

WITH THE AMERICANS IN LORRAINE, May 28.—The Germans have launched heavy gas attacks against the Americans simultaneously discharging five hundred huge gas shells by means of electricity.

Three American aviators defeated four German aviators in a spectacular fifteen-minute battle over the American line. One German plane was destroyed and the others forced to retreat.

PARIS, May 28.—Reinforcements reaching the Germans attacking between Lavestle and the Aisne plateau, the French and British withdrew progressively.

WASHINGTON, May 28.—American troops are occupying enemy trench sectors, inflicting heavy losses and taking some prisoners, General Pershing cabled today in his communique.

WASHINGTON, May 28.—Allied reserves are arriving on the Soissons front and are being thrown into the struggle, cables received by the British military attaché today stated. In the sector between Loos and Locré the Germans today gained considerable territory but counter attacks restored the situation.

SOISSONS ATTACK MAY BE BLIND

AMERICANS IN CHEMIN DES DAMES SECTOR WHERE CROWN PRINCE IS ATTACKING HAVE BEEN REPLACED

(Special Service to Glendale Evening News)

(By Henry Wood, United Press Staff Correspondent)

ON THE FRENCH FRONT, May 28.—The fighting today has not yet developed whether the Soissons attack is the principal assault or whether it is a cover for operations further north. American troops who held the Chemin des Dames sector for some time have been replaced by British. The attack on this sector involves the four armies of the Crown Prince which did not participate in the March offensive.

MONTDIDIER ATTACK HALTED

BIG OFFENSIVE MAKES SOME PROGRESS IN THE AISNE REGION AND SOUTHWEST OF YPRES

(Special Service to Glendale Evening News)

(By William Philip Simms, United Press Staff Correspondent)

ON THE BRITISH FRONT, May 28.—The British and French today launched a counter attack southwest of Ypres and have retaken practically all the ground lost in the first shock of the German advance yesterday. There is stupendous gas shelling activity. Large areas have been transformed into gas pockets. In spite of this the French have retaken practically all the ground lost when the Germans drove a wedge into their lines east of Dickebusch lake. In the counter attack the French took two woods near the lake and a nearby ridge. When the ridge was overrun by the Germans a group of French machine gun men on the summit refused to surrender and fought furiously all day and all night until the French retook the position. Indications are that Germany is putting everything possible into the third phase of the offensive. It is believed that large reinforcements are concentrated totalling a hundred divisions. The fact that the thrust was resumed at three widely separated points is significant. Through the Aisne region and southwest of Ypres the offensive is progressing in a few places, but the Montdidier attack was apparently easily halted.

REAGAN ASKS PERMISSION TO SELL BONDS

(Special Service to Glendale Evening News)

LOS ANGELES, May 28.—Flood Control Engineer Reagan is today en route to Washington to plead with the Capital Issue committee for permission to float the \$1,200,000 flood control bond issue in addition to the \$1,000,000 recently authorized.

KITCHIN ACCUSES PUBLISHERS

(Special Service to Glendale Evening News)

WASHINGTON, May 28.—Majority Leader Kitchin declared to the House today that a lobby of magazine and newspaper publishers is responsible for keeping Congress in session, declaring they are taking this way of seeking to repeal the increase in second class postage rates. Kitchin is working today on the first draft of the new tax bill.

THE CANADIAN TEA

SERGEANT RAYNER OF CANADIAN HIGHLAND REGIMENT GIVES PESSIMISTIC ADDRESS

The patriotic teas which are being given in series by the British Ambulance Society appear to be increasing in popularity. The Jewel City Cafe was filled with all who could be accommodated Monday afternoon and following the tea drinking proper a varied program was given which was much appreciated by the guests, the majority of whom were busy knitting.

The program furnished by pupils of the Pearl Keller School included the following numbers:

Toe Dance—Arlene Yeakle.
Butterfly Dance—Dorothy Dutton.
Globe Trot and Pavlova Gavotte—Merna and Merle Kahler.

Fancy dance, impersonation of coquette—Robert Lehman.

In addition to the above, Miss Ora D. Lockhart, a beautiful whistler, gave a delightful number and responded to an encore. Miss Lulu Lanterman sang delightfully, "Laddie in Khaki," "Recompense," and an encore number.

The address of the afternoon was made by Sergeant R. A. Rayner of the Canadian Highland Regiment, and was a very pessimistic, depressing affair. He began by announcing that he was there to state "facts," and then proceeded to inform the audience that it had been misled by published war reports and lulled into a false optimism; that every battle fought thus far had been a victory for Germany, which now had about ten millions of available soldiers instead of three millions as estimated in articles printed in the Literary Digest and other publications; that Germany is recruiting her army from the forces of Russia faster than America can send men; that the only hope is for the women of America to emulate the British maids and matrons and rise up and demand that they be put to work making munitions, building ships, and doing whatever other war work may be necessary to supply huge armies, for unless ten millions of men are put into the field by America in the near future, he predicts failure. He declares that English women in uniform are everywhere in England doing manual work and back of the lines on the continent building bridges and railroads and ships, trucking and ambulance driving, etc.

It seems a singular thing with all the distinguished foreign representatives who have toured this country in the interest of the Allies, not to speak of the big, reliable men of our own American government, that we should be asked to listen to such criticism of our own and foreign governments for the alleged withholding of facts and accept sensational statements of such disheartening character from a Canadian recruiting sergeant. If what he says is true, we should get it from accredited sources of information. If it isn't true, he should not be permitted at large to dishearten the mothers who are giving their all to the cause.

Mrs. W. S. Rattray and Mrs. F. L. Kinnear were hostesses and were assisted by officials and members of the organization in receiving.

The next function of the Society will be an American Tea.

THE ALL-CAPITALS HUP

The All-Capitals Hup may be seen at Geo. E. Clayton's show room, 443 South Brand boulevard. The engine is 60 horse power and the easy speed is about 65 miles, although the writer did not experience riding faster than 45 miles and that was fast enough so long as there was really no need of going faster and life insurance rates on corpulent people are high and insurance hard to get under any conditions. The famous "Hup" will leave Glendale this evening, so if you want a ride in this renowned hill climber while it is here you must act quick.

MUSIC LOVERS FROM AFAR TO HEAR CRANFORD MUSICALS

It is rumored that Mrs. Bessie Bartlett Frankel, district chairman of music, California Federation of Woman's Clubs, is to bring a group of friends from Hollywood for the "Old Cranford Musicals" which will be given Saturday evening, June 1st, in the High School auditorium for the benefit of the local chapter of the Red Cross. Tickets for this event are 25 cents each.

FINAL REPORTS WANTED

Team workers are asked by Vice-Chairman Lawshe, who has been in charge of the Red Cross drive, to bring in full reports, surplus supplies, all late collections and everything pertaining to the drive, to Red Cross headquarters without delay.

A FINE SHOWING

GLENDALE RED CROSS SUBSCRIBES MORE THAN 250 PER CENT OF QUOTA

Vice-Chairman Lawshe, who is preparing a detailed report of the Red Cross drive in Glendale, was gladdened by the receipt Tuesday of a communication from Paul Shoup, President of the Pacific Electric, enclosing twenty-five pledges from P. E. employees who live in this city for \$5 each, making a total of \$125 to be added to the credit of Glendale.

Mr. Lawshe states that his statistics show 2499 individual subscribers in Glendale and that their subscriptions totalled \$13,161.68.

They also show that of the above amount, \$8,283.83 was in cash.

His figures likewise show that 304 subscriptions were made in Los Angeles by Glendale people, their contributions amounting to \$1,535.40, which, when added to the figures given above make a grand total to the credit of Glendale amounting to \$14,697.08.

Glendale's quota was but \$6000. She has made it 200 per cent and then some, and will probably receive the best brand of the honor banners.

A fine showing was made in the Tropico district also, where the drive was conducted under the auspices of the Tropico branch of the Los Angeles Red Cross Chapter, Mrs. Hartley Shaw being captain of the teams for that section. Her detailed report is not available today, but figures to date show that about one thousand individual subscriptions were collected, which amounted to \$1921.00. Certificates of subscriptions made in Los Angeles by residents of that section which will also be credited amount to \$600, making a total of \$2521.00. The quota of the Tropico district was \$850, so it too will receive a bang-up honor flag.

The percentage on these subscriptions to which the branch will be entitled, together with receipts from the recent Red Cross Carnival, will give the organization a working capital for the summer months of about \$1000.

THE NEW REGISTRATION

Chairman Lanterman of the Exemption Board states that he has been asked to give wide publicity to the announcement that registration for the second army draft will take place June 5th, and that the penalty for failure to register is one year's imprisonment.

He states that there will be few loopholes of escape for slackers, as government officials who have the matter in charge will have recourse to school registrations, postoffice information and other official statistics which will be carefully checked up in connection with registration returns.

HENDRICKS' SUCCESSFUL SALE

About a week ago the Evening News printed 2500 quarter sheet posters advertising a ten-day special sale for Broadway Hendricks' dry goods store. Advertisements of this sale were also published in the Evening News and the Sentinel-Progress, both of which papers have a wide circulation in this community.

Mr. Hendricks informs the publisher that he is having a very successful sale and is pleased with the publicity service rendered by the Evening News and its weekly companion, the Sentinel-Progress. This special sale will close Friday, May 31.

PARKER GIVES LOT

VALUABLE REAL ESTATE GIVEN TO ELKS TO SELL FOR RED CROSS

Ezra Parker, who has been one of the most enthusiastic supporters of the Red Cross in Glendale and who has given liberally toward its support, Monday night at the meeting of the Elks Lodge turned over to that organization a valuable lot to be disposed of for the Red Cross. At headquarters when they see Mr. Parker coming they know he is going to take out a membership. He joins the Red Cross about once a week. His heart is in this work of mercy and his latest gift is a climax to his past generosity.

The lot is clear of all incumbrances and is located in one of the most desirable residence sections of the city, on Central avenue near Doran street, just north of the Roy Kent residence. The value of the property is approximately \$1500.

Cameron D. Thom, Dr. J. L. Flint and Roy L. Kent were appointed a committee to devise ways and means of disposing of this lot to the best advantage.

GLENDALE, CALIFORNIA, TUESDAY, MAY 28, 1918

IMPORTANT NOTICE TO REGISTRANTS

There will be three registration points in District No. 7, Los Angeles County, for the Selective Service Registration to be held June 5th, 1918. Those living in Precincts of Annandale Nos. 1 to 4, Burbank, Burbank City Nos. 1 to 4, Eagle Rock City Nos. 1 to 5, Glendale City Nos. 1 to 22, Glorietta Heights, La Crescenta, La Canada, Nithsdale, San Rafael, Sycamore and Verdugo Nos. 1 and 2 will register at Glendale, 1010 West Broadway, the office of the Local Exemption Board. Those living in Precincts Nos. 1 and 2 of Lankershim and Calabasas will register at the office of Judge J. W. Deupree, in Bank of Lankershim Building, Wilcox Avenue, Lankershim. Those living in the Precincts of Chatsworth, Griffith, Hansen Heights, Newhall, San Fernando City Nos. 1 to 3, Saugus and Sunland will register at the Auditorium of the San Fernando High School.

Every young man who has attained the age of twenty-one years on or before June 5th, 1918, must register, unless he is in the military or naval service of the United States. There are no other exemptions, and no excuse for non-registration can be made that will be accepted. The penalty for failure to register has been fixed by the Government at one year in the county jail, or immediate induction into military service.

F. D. LANTERMAN, Chairman.

BOLSHEVISM HITS TEUTON PRISONERS

(By United Press)

SAN FRANCISCO, May 25.—German and Austrian prisoners of war in Russia have become so imbued with the spirit of radicalism prevailing there that they will be dangerous to the rule of absolutism in the fatherland, if they are taken back to fight in the kaiser's armies.

A party of Americans just landed in San Francisco after flight in Russia since the German occupation, expresses this opinion, and exhibits in support copies of "The Getaway Express."

"The Getaway Express" was "published" on the trans-Siberian train and was prepared on a typewriter by George F. Sokolsky, an American. Some of Sokolsky's "sub-editors" were C. W. Cook, managing director of the Russian American Society of New York; G. W. Willis of the Gaston, Williams & Wignmore Company; C. J. Mayer of the International Harvester Company, and a number of men who were in the Moscow office of the National City Bank of New York.

Here are some excerpts: VOZNECHENSKAYA.—When the train reached here a tovarish reached with his Isvostik in Viatka about Bolshevism. Another discussed the war with German prisoners who assembled at the depot. Before night 40 prisoners had assembled and things looked bad, we thought. They seemed friendly, though, and exchanged greetings.

THE URALS.—At Radiezd a Hungarian war prisoner told of conditions in a lumber camp near there. They get two pounds of bread a day, a quarter of a pound of meat and no warm drinks or sugar. They get a maximum of 15 kopecks a day. The men are suffering from cold and exposure.

SIBERIA.—Several Tovarishi boarded the train. The home guard threw them off the rear platform.

OMSK.—This afternoon at Novo Nikolaevs interviewed several hundred Austrian and German prisoners. Their train was also held up at that point. There were probably 1900 of them on board. Some of the members of our party, who could speak German, did some propaganda work, outlining America's war aims and bits from speeches of President Wilson. We found that every prisoner desired peace. Germany and Austria, they said, were afraid to allow the prisoners who had been in Russia to return. They had been so fed up on radicalism that almost every man was ready to spread bolshevik principles.

The condition of these prisoners was pitiful. They were penned 40 to 50 in a car, and received but a meager food allowance. Several of the Americans contributed toward their aid.

For the past two days this city has been dominated by the bolsheviks. The Red Guard, we learn, attempted to rob churches and homes. Eighteen Red Guards were killed by enraged citizens.

THE ALTAIS.—We met some more Austrians and Germans. The Austrians, particularly, were strong in their denunciation of the Kaiser's machinations. They declared they had become anarchists, and announced that when they get back to Austria they will "make things hum." They all expressed thanks for the work of the American Red Cross and the Y. M. C. A., and were most friendly toward the United States.

MANCHURIA.—We have left Bolshevik territory and our ride is now triumphant.

The United States Navy has in its possession now a stock of supplies sufficient for the average requirements for at least one year.

PARKERETTE PARAGRAPHS

(By Samuel Parker)

The Red Cross stands forth today as the most complete, perfect human organization the world has ever known. Born amid human suffering and want from the impulse implanted in the human heart of mercy, kindness and love, it reaches out in all directions to zones afflicted, and with the spirit of the Samaritan binding up the gaping wounds in hearts or shell-torn bodies, with never a thought of looking for the road leading by on the other side. Into the treasury of this blessed and blessing society let the millionaire's wealth and the widow's mite continue to come in unstinted measure.

The attitude taken by the Government that any system or school of medical jurisprudence should hold a monopoly of privilege in the army or out of it or anywhere else is wrong. Were the monopolists to practice today as they did 75 years ago, they would be arrested and ought to be. Pass up the old methods and give the new a chance to demonstrate.

The "short cut" of singing only one stanza of "America," by a large robed choir and No. 1 organ (and organist), I saw get a merited rebuke at the hand of a patriotic brother, albeit an Englishman. As all was dying down softly and formally, the lay brother took up the air and in stentorian voice carried the audience with him, singing the three remaining stanzas. It created a sensation, but the lay brother won out over the abbreviation.

Your Mother

Of course you love her, but let her know. How long has it been since you told her so?

Put a single flower in her silvering hair.

It will do her more good than a cartload out there.

Her cheek may be browned and furrowed, true.

But its color and roundness went to you.

Could you give her better love token than this,

To implant on that careworn cheek a kiss?

To prolong her stay make her happy this side,

For all too soon she will pass the divide.

Then tell her, "I love you, Mother."

"Let no man who leads a mob flatter himself that he is a better American than his victim. It is an open and debatable question; and he himself is incompetent to judge either his own or another's loyalty. The loyal citizen supports the constitution and laws of his country, whether others do it or not. The man who leads or becomes a part of a mob is not supporting the constitution of his own country or its laws."

It is seldom you find words of more wisdom than are here quoted, taken from the Los Angeles Tribune of recent date, and that a mobocrat is or can be as good a man as his victim should be pounded into the Kaiserite with his hail of tar, who by his lawless acts proclaims his un-American tendencies by acts of outlawry, taking the law into his own hands in a land of law and civil order, his victim often innocent, with no chance to defend or appeal.

Suspense being the most agonizing feeling that can torment the heart, its avoidance should be studied as an act of common mercy and kindness. The proposition to hold back facts of any nature regarding our boys, in any form of service, anywhere, was too cruel to stand and has already been abated. To know the worst, and at once, is kindness, especially to mothers.

Some features of government and law seem bewilderingly complex and strange. The president enters our homes and takes our jewels (sons) one or all we have, and orders them anywhere on earth for military service, gives them every possible comfort and protection, yet falls down before the city of Vernon, that city and its saloons (both creatures of the country and government ruled by President Wilson). The military arm protects the army and navy the world over except against the vice of our own cities.

With Memorial Day bearing down upon us there is not likely to be any neglect of homage due the heroes of other wars, whose services will be remembered as on the 30th their quiet resting places are visited and floral tokens placed thereon. While vitally active to our beloved Braves in action today, or ready to act where duty calls, in no sense should this detract from due observance of Decoration Day.

With well-earned right to direct in these things, Patriotic Instructor Norton has arranged a schedule of programs for the schools of the city, to each of which have been assigned veteran speakers, soldiers who have seen service and who, by telling the scholars their own war experiences in the 60's, will but sharpen the school interest in the brave lads now engaged in the wider contest, but in a sense along the same lines—brotherhood, liberty, freedom.

Mothers' Day. It was thoughtful in the President, and hence just like him, to order observance of Mothers' Day by proclamation, as it fitted in well with the work so universally taken up, as you could scarcely find a church or civic society of any kind

NEW THOUGHT

"How to Study the Bible" was the subject discussed by Dr. Frank L. Riley Sunday morning at Masonic Temple. He said, in part:

In II Timothy 2:15, we read, "Study to show thyself approved unto God, a workman that needeth not be ashamed, rightly dividing the word of truth." To rightly divide the word of truth, is one of the most important things in life. There are two hundred and one sects all putting a different interpretation on the Bible; some teaching one thing, some another. I believe an age is dawning which is to be one of unity. Our beautiful Bible is only one of many, and in my study of sixty-one bibles I've found the same beautiful stories told in the old sacred scriptures. There are many mysteries in the Bible and we must look beneath the surface and not interpret it literally. Study and think for yourselves; do not let the minister do it for you. When I met with apparent contradictions, I was not satisfied to die and go to heaven to find out. I wanted to know now, so I began to study the spiritual meaning of the Bible. It was contradictory statements which caused Ingersoll to become an iconoclast. The sad part about such honest thinking men as he is that they are destructive instead of constructive. It is sad to have a teaching torn from one without giving something better in return. In studying Ingersoll I found that he never once touched the Bible; he only touched the dogma or exoteric interpretations and not the esoteric or inner meaning of the spiritual truths.

The ancients understood the key, or code, to the Scriptures which we have partially lost. Both the Old and New Testaments are full of allegories and symbols which explain different states of consciousness in the process of the soul's evolution. It is in that light we should study our Bible in order that we may come into a higher light of truth. When our sun sets and stands still we are in darkness. It will rise again, when we come into an understanding of God's laws. We are all Jonah's when we disobey God's orders. We all have Adam and Eve in us. Eve represents the soul, and above all we have Christ within us. Christ saved Jesus, the God Crowned. Christ the Divine, the Anointed, will save us; but first we must come into a realization of this so that our souls may unfold in the sunlight of love. Study and think of Jesus as your elder brother, alive to his divinity. We are joint heirs with Jesus and must become alive to our divinity. As he was crucified, so must we kill out all the Adam within us. Without the shedding of blood there are no sins remitted. The Christ thought will cleanse you and you will be baptized with fire and become wedded to truth and love, become a new man in Christ Jesus and ascend into higher realms of consciousness and become one with the true God.

Dr. Riley's subject for next Sunday is "Concentration."

CYCLONE MEMENTOES

The following interesting account of aftermaths of the cyclone which recently devastated portions of Illinois and Iowa, appeared in the Whiteside Sentinel of Morrison, Illinois.

"While plowing near Lanark a few days ago, Fay Robinson noticed several peculiar articles flying through the air. They alighted in the same field with him and his curiosity led him to gather them up. The collection consisted of a receipt for a \$100 Liberty Loan bond issued by an Eldredge, Iowa, bank, a flour sack and a man's linen collar. It is believed they were carried along for over a hundred miles from Eldredge, which was devastated by a cyclone last week. On another farm near Lanark a feather bed was picked up, probably brought from the same source.

The next issue of the Whiteside Sentinel will likely tell that another farmer found the man who slept on the feather bed and owned the collar and the Liberty Bond.

Think what the spectacle of cheerful giving means to the enemy. BUY THRIFT STAMPS.

but what has a Mothers' Day, and the public school machinery is full of it. General as it is, there is no danger of overdoing, and there is a wide margin on which to work up new interest and work over some old matter. In a large grammar school I once found some fine patriotic essay work developed by a line of premiums offered by a patron, and the work only terminated when the patron moved elsewhere. Who will offer a premium for Mothers' Day essays?

The suggestion of Citizen Lilly to change the local name Brand for the world-wide name of Lincoln for the beautiful street through the most beautiful city in the Southland, should be adopted by acclamation. In that way the city will be unseparably connected with the most illustrious name of the ages and be more talked of, written of and printed of than any other that can be offered.

OFF DUTY

No—I don't like Horizontal
And I've no love for Oblique,
Yet Old Vertical won't have me.
Though I've lain here one whole
week.

This hard cot and well-worn bolster
With blankets clean though rough,
I suppose should be inviting,
But, I say, comrade, it's tough

Just to lie here idly waiting,
For Old Time to do his work,
When I'd rather be on duty—
As a soldier doesn't shrink.

Yes, I'd rather far be marching
Through the rain or snow and
sleet,

Than to lie here done in splinters
With no earthly use for feet.

So, just tell the boys I'm fighting
This infernal injured knee,
As I don't like Horizontal—
He's uncongenial to me.

J. S. NICHOLS.

Personals

Mrs. L. D. Goode of 1534 West
Seventh street has been spending the
week in San Diego with friends.

Mr. and Mrs. J. A. Haines and
daughter, of 1450 West Fifth street,
spent the week-end at Long Beach.

Mr. and Mrs. F. A. Alspach of 325
Mariposa street leave Wednesday
morning for an extended visit with
friends in Ohio and Indiana.

Fred McPherson and family, of
124 West Park avenue, are having
the great pleasure of entertaining
Mr. McPherson's mother, who recently
arrived from Oakland. She will
be with them for several weeks.

Mrs. Chaddock of 1228 Chestnut
street has leased her house for two
years to Dr. Chase and is going to
Santa Monica for the summer. Next
fall may find her in Glendale as she
is greatly attached to the town, she
says.

Mr. and Mrs. John Marquardt, the
violinist and harpist respectively,
residents of Glendale, gave one of
their unique programs for a large
audience at the Ebell, Los Angeles.
The artists were enthusiastically ap-
plauded and had to play several en-
cores to satisfy the clamor. Miss
Lorraine was the pianist.

Mrs. W. L. Andrews of 1552 Pio-
neer drive, who worked hard last
week in the Red Cross drive, enter-
tained on Sunday with a dinner for
old friends from Missouri who will
leave their Whittier home where they
spend the winters, and go east next
Saturday. Her guest list included
Mr. and Mrs. Haney and their daugh-
ter Elizabeth, from Whittier, and
Miss Jeannette Lewis of Los Angeles.

Members of the Tropics Branch
Red Cross Chapter will serve light
refreshments at Forest Lawn Ceme-
tery Wednesday evening and all day
Thursday for the comfort of those
who will visit Memorial Park to de-
corate the graves of their dead. Dif-
ferent committees of the organization
will relieve each other during the
day. The idea was suggested by cem-
etery officials. Coffee, sandwiches and
ice cream will constitute the menu.

R. L. McNitt of Eagle Rock will
direct the Boy Scouts who will par-
ticipate in the memorial services at
Forest Lawn Cemetery next Thurs-
day afternoon. He reports that a re-
organization is taking place in the
Boy Scout teams and that a district
organization to be known as the Glen-
dale Union District is being effected
which will take in all the organiza-
tions of the locality, Glendale, Trop-
ic, Eagle Rock, etc., and make them
all live units.

Miss Jennie Boring, who is an
alumnus of Glendale Union High and
former resident of this city, and who
was the champion of her class in an
"Oratorical," is planning to enlist as
a nurse to be sent to the French
front. She has been living in Los
Angeles for the past two or three
years and was graduated from a
training class in the California hos-
pital about a year ago, since which
time she has been professionally em-
ployed. If her services are accepted
by the government, she will probably
be sent to some hospital for three
months' special training.

Chapter A. H. of the P. E. O. met
Friday afternoon at the home of Mrs.
John Hobbs, who was assisted in re-
ceiving by Mrs. Goodwin, Mrs. Ripley
and by Miss Dorothy Hobbs. Mrs.
Lynch, the delegate of the chapter to
the P. E. O. convention at Orange,
gave her report which was supple-
mented by items contributed by Mes-
dames Andrew Stephenson, J. Her-
bert Smith, Charles Barker, and Hal
Davenport, who attended the con-
vention Wednesday but not as dele-
gates. The afternoon was spent in
sewing for the relief of the needy at
home and abroad. Mrs. William Burk
of Okmulgee was the guest of the
chapter.

Mrs. Clem Moore has recently re-
turned from San Diego, where she
was the guest of her daughter, Miss
Minnie Moore, who was there for sev-
eral weeks, professionally employed.
They visited Camp Kearny, where
they have friends among the soldiers
and found it an illuminating and ex-
ceedingly interesting experience.
Miss Minnie has just returned and
was guest of honor Monday evening
at a little informal celebration of
her birthday at which friends from
Los Angeles and Glendale were enter-
tained. The refreshments included a
birthday cake and a very pleasant
evening was spent with music and
other diversions.

WEATHER FORECAST—Fair to-
night and Wednesday. Moderate
westerly winds.

MEMORIAL DAY SERVICES

Programs have been prepared for
exercises Memorial Day in connection
with the decoration of the graves of
soldiers by the N. P. Banks Post and
Corps, G. A. R. They will first as-
semble at Grand View Cemetery, Bur-
bank, Thursday morning at 10
o'clock when the flowers will be
placed. The program which will fol-
low will include:

"The Star-Spangled Banner" sung
in unison.
Ritualistic Service by the Post.
Recitation, Lincoln's Gettysburg
Address, Margaret Crawford.
Address by Chaplain C. R. Norton.
"America," sung in unison.
Benediction.

Order of Exercises at Forest Lawn
Memorial Park
Procession of Forest Lawn officials,
N. P. Banks Post and Corps, Boy
Scouts and guests of honor.

The procession will march down
Forest avenue from the Lodge to the
Church. Officers and guests of honor
and officials of Post and Corps take
their places at the stand, opposite the
church. Boy Scouts will stand at at-
tention on Forest avenue. The fol-
lowing program will be given:

1. Singing by Audience, "Star-Spangled Banner."
2. Announcement of Purpose.
3. Singing by Chorus.
4. Ritual of G. A. R.
5. Solo, Frank Booth.
6. Address, Rev. B. C. Cory.
7. Cornet Solo, Grace Helen Adams.
8. Address, Ora Monnette.
9. Tenor Solo, Harold Proctor.
10. Decoration of Graves.
11. Cornet Solo, "One Sweetly Solemn Thought," Grace H. Adams.
12. Chorus.
13. Decoration of Symbolic Grave.
14. Firing Squad.
15. Taps.

BUSINESS LUNCH WEDNESDAY

Mrs. Jack Boettner, Chairman of
the Red Cross Shop at 318 Brand
boulevard, announces that the busi-
ness luncheon will be served this
week on Wednesday instead of on
Thursday because the day last named
is a holiday. She also reports two
beautiful singing canaries in stock
to which she invites inspection.

A LITTLE GIRL'S SACRIFICE

A little girl wanted a ukulele very
much and when her auntie in the east
sent her some money for a birthday
present, she was very happy and cried
with joy, "Now I can have my uke-
lele." But the next morning she
read in the paper how the poorer
children of Long Beach were making
money and giving their little mites
to the more unfortunate ones in
France and Belgium. She said: "Well
now, I know I ought to give my \$2
to the poor." So into the box went
the birthday money and we are sure
it will make some small child or fam-
ily, perhaps, happy. The name of
this little girl is Mary Joe Phillips,
of 1456 Myrtle street.

PREPARING FOR STORY HOUR

The display rack in the juvenile
department of the public library has
been replenished with some attractive
picture books for the tiny tots and
the books formerly on the rack have
been put in circulation. To the large
list of juvenile books in the library
the Uncle Wiggley books have been
added. These are in the nature of
the bedtime stories and the Peter
Rabbit series. This is all prelimi-
nary to the story hour which will be
given by Mrs. Danford during the
vacation months as in previous years,
and to which the children look for-
ward from week to week.

VEGETABLE CANNING DEMONSTRATION

The food demonstration conducted
by Miss Lantz, head of the Domestic
Science Department of the High
School, will take place at 11:15 Wed-
nesday morning, in the auditorium of
the High School, and all the maids
and matrons of the city are invited to
be present and profit by them.

The process of canning vegetables
followed by Miss Lantz, and which
she declares makes an absolutely safe
product, will be shown, with samples
to be tasted. Those who contemplate
saving the surplus of their gardens
will do well to attend this lecture.

CALL TO PRESBYTERIANS

Tomorrow, Wednesday evening,
May 29th, at the Presbyterian church
a most attractive program has been
arranged. All who are now Presby-
terians, or have been Presbyterians,
will be more than interested in a ste-
reoscopic lecture entitled "The Sun-
set Glow." A story in pictures which
tells of some of the outstanding work
of this great church. All who have
at any time contributed to the Pres-
byterian Church should attend this
popular lecture. No financial solici-
tation. Everybody is cordially in-
vited.

This meeting will take the place
of the regular prayer meeting and
will be held in the church auditorium.

CARD OF THANKS

We wish to thank all of our
neighbors and friends, and especially
the Elks' Lodge, for their kindness
and sympathy extended to us during
our late bereavement.

MR. AND MRS. A. W. JOHNSON
AND FAMILY.

MID SYLVAN SCENES

SHAKESPEARE SECTION CLOSES
YEAR'S WORK WITH FEAST
AND FROLIC

Instead of the usual indoor bi-
monthly session of the Shakespeare
Section of the Tuesday Afternoon
Club at the home of the curator, Mrs.
Charles H. Temple, the members and
guests invited for the occasion be-
took themselves yesterday in three
large automobiles to the bosky glades
of lovely Eagle Rock park. There,
"exempt from public haunt," the
merry group feasted and frolicked the
whole day through.

The holiday was well earned, for,
under the direction of Mrs. A. B. Mc-
Clure of Los Angeles, the class has
done much serious work during the
year. Two plays were covered in
that time and, in addition, an elab-
orate costume pageant was twice given,
once before the Club and later for
the benefit of the local chapter
of the Red Cross, netting that organ-
ization the sum of \$79.80. The affair
was one of the big artistic successes
of the season and reflected much
credit upon both students and direc-
tors.

Those who enjoyed yesterday's out-
ing were Mesdames A. B. McClure,
E. D. Yard, Harry Duffield, H. Lee
Clotworthy, C. E. Norton, Harry T.
Lockwood, Chas. H. Temple, Edna
Sawyer, A. M. Hunt, W. E. Halstead,
Mabel N. Rudy, Ralston, Gertrude
Follansbee, I. S. Levitt, J. E. Lyon,
George Squires and little Bobbie
Squires and Carlton Ralston.

MEMORIAL SERVICE

A company of 150 persons which
included members of N. P. Banks
Post and Corps and their friends,
gathered at G. A. R. hall at 3 o'clock
Sunday afternoon for a memorial
service over which Commander Clark
presided and which included the fol-
lowing numbers:

"America," unison singing.
Prayer by Chaplain C. R. Norton.
Solo, "The Holy City," by Dr. P. O.
Lucas.

Address on "The Obligation to
Honor Our Dead," by Commander T.
D. Kanouse.

Duet, "The Lord Is My Shepherd,"
by Mesdames A. J. Van Wye and W.
M. Crawford.

"The Star-Spangled Banner," uni-
son singing.
Benediction.

CLUBWOMAN'S CONFERENCE

The last Clubwomen's conference
for the season was held last Thurs-
day afternoon in Los Angeles and
proved a most interesting and profit-
able session. As usual, Mrs. Matti-
son B. Jones, president of the Dis-
trict Federation, conducted the ses-
sion. The program included a fine
talk by Kerckhofer, supervisor of
music in the public schools of Holly-
wood, on community singing. He
told what had been done in this line
at Camp Kearny and how it helped
to improve the morale of soldiers.

Mrs. James Ogilvie presented three
of her new compositions and Mrs.
Garner of San Bernardino spoke on
"Community Thrift."

Loy Galpin of Los Angeles High
School gave a splendid address on
"International Relations." Most of
the clubs reported that they would
be open more or less during the sum-
mer for Red Cross work.

POLICE DEPARTMENT ITEMS

As far as police reports show there
have been no sensational happenings
in Glendale recently. A burglary at
250 East Ninth street was reported
of silver which was packed away by
the owner last March. When she had
occasion to use it yesterday, its loss
was discovered. When it was taken
she has no means of knowing.

A four-year-old child in the family
of John F. Torrey of 1318 West Sec-
ond street was missing for several
hours Monday and an alarm was
turned in, but the little one turned
up safe and sound after a little pri-
vate exploring trip.

Cam Throm turned in a complaint
about broken glass having been
thrown in the street opposite his
house. The offenders have been lec-
tured by Chief Herald and probably
will not do it again. If they do, they
will get something harder to bear
than talk, he says.

Concerning traffic on the through
boulevards the Chief was asked if the
high price of gasoline had made any
diminution in the number of vehicles
abroad, or the speeding. He replied
"no," that it has increased if any-
thing, and in his opinion there will be
no abatement until the government
takes over the gasoline supply and
puts the users on allowances.

Counter suits which involve the
publisher of the Hollywood Citizen,
Harlan G. Palmer and advertisers
have been filed which have not yet
come to trial. The matter is thus set
forth in the "Citizen" of May 24th:
"Following an announcement that
F. R. Cyriacks, Hollywood Buick
agent, was going to file suit against
the Hollywood Citizen and J. F.
Humphreys for an advertisement
published in the Citizen by Mr.
Humphreys, Harlan G. Palmer Mon-
day filed suit against Mr. Cyriacks
and Douglas L. Edmonds for libel for
the publication in the Hollywood In-
quirer of certain vicious, unfair and
untruthful statements concerning
him."

BOTH PHONES

PIANO RECITAL

Last Friday evening, May 24, the
pupils of Miss Ruth Wilson, 326
South Louise street, gathered at the
home of Mr. and Mrs. A. E. Fowler,
1530 Burchett street, to give a re-
cital. The children all did very well
and showed remarkable improvement
and progress since the last recital.
The "May Day Trio," played by Ja-
net Stafford, Dorothy Van Osdoll and
Vesta Morrow, was particularly beau-
tiful and interesting, as the time,
technique and fingering of a pupil
must be very good to enable him to
play with two others at the piano at
the same time.

Although four of the children were
unable to take part in the program
on account of illness, the complete
program following was given before
many parents and friends of the pu-
pils.

Bed Time (Orth)—Ruby Smith.
Hunting Song (Selected), Blowing
Bubbles (Orth)—Esther Ferguson.
Indians on the Warpath (Brown)
—William Gellette.
Melodie (Croise), Hunting Song
(Gurlitt)—Lina Borthick.
Waltz of the Fairy Flowers
(Anon.)—Vesta Morrow.
Sonatina (Beethoven)—Dorothy
Van Osdoll.
We Went to the Zoo (duet)
(Spaulding)—Esther Ferguson.
Minuet in G (Beethoven)—Janet
Stafford.
Convent Bells (Ludovic)—Lina
Borthick.

Marsellaise (duet) (Low)—Dor-
othy Van Osdoll.
Sonatina, Op. 36, No. 5 (Clementi)
—Janet Stafford.
Italian Gavotte (duet) (Low)—
Lina Borthick.
The Palms (Seiler)—Dorothy Van-
osdoll.
A May Day Trio (F. G. Rathbun)
—Janet Stafford, Dorothy Van Os-
doll and Vesta Morrow.
Aid de Ballet (Paul Lacombe)—
Ruth Wilson.

Rondo Brillante (Hern-Mohr)—
Ruth Wilson (for two pianos, four
hands, with Maud Fowler at the sec-
ond piano).

DINNER FOR OLD FRIENDS

Mr. and Mrs. J. L. Grose of 1011
Broadway were host and hostess at
a dinner served Sunday evening at
the home of Mrs. William Thomson,
136 South Jackson street. The guests
were all childhood friends of Mr.
Grose, who was born and spent his
early life in Newcastle, Ind. The list
included Mr. and Mrs. W. P. Heichart
and daughter, Miss Helen Heichart,
Los Angeles, Misses Lillian, Frances
and Helen Goodwin of Newcastle,
Ind., and Virginia Grose, daughter of
the host and hostess. The Grose and
the Goodwin families lived opposite
each other in big old colonial houses
in which the thirteen children of the
Goodwin name and the almost equal
number of Groses were reared. From
that house Mr. Grose's father departed
when as a colonel he led 36 vol-
unteers from Newcastle when the
Civil War broke out. The Misses
Goodwin have always been great
travelers and spent much time in Eu-
rope previous to the war. They are
quite delighted with Southern Cali-
fornia and Mr. and Mrs. Grose hope
to persuade them to locate here, pos-
sibly in Glendale. One of the ladies
is an artist, the other a sculptor.

The dinner was a pretty affair of
several courses with corsage bou-
quets and boutonnières as favors.

"SIX WORDS OF THE HOLY SPIRIT"

Was the topic of the fourth talk
on the work of the Holy Spirit given
at the Presbyterian church last Sab-
bath morning by Rev. W. E. Ed-
monds.

"Not always," Gen. 6:3. You know
from experience that the Holy Spirit
does strive with man; but God says,
"not always." The edge of life is
dulled by inactivity. You can not
maintain an earnest, fruitful, Chris-
tian life without activity.

"Not yet," John 7:38-39. Have
you come to the place where you
have complete victory over sin? Are
rivers of "living water" flowing out
of your life? Any souls saved for
eternity? Place yourselves without
reserve into the hands of the Holy
Spirit and the answer will not have
to be "not yet."

"Ask," Luke 11:13. Put the
Holy Spirit where He belongs in our
lives, honor Him. "Gifts" and "Holy
Spirit" are words that are synony-
mous, when you receive the Holy
Spirit all good gifts are included.
"Receive," John 20:22. Very few
people today receive the Holy Spirit
at conversion; the great mass of the
people have never had that baptism.
The Church would take this old world
by storm for Jesus Christ if there
should come upon it and its members
individually a real outpouring of the
Holy Spirit. Every member one hun-
dred per cent for God. We do not
know the A B C of Christian service
until first we receive the Holy
Ghost, then we will set our faces
"like a flint" towards everything that
is high and noble.

"Yea, saith the Spirit." Has there
ever come into your life a striving
for Holiness? Are you easily dis-
turbed because of besetting sins?
Can you be free from these things?
Can you ever rise so that you will
be above them? Through the Holy
Spirit God says yes to every promise.
Yes to every earnest yearning of the
human heart.

"Today," Heb. 3:7. When may I
enter into the victorious life? "To-
day" if you will hear His voice, off-
sets the word "not always" and "not
yet." You can have what you will
from the Father but for the asking
through the power of the Holy Spirit
with you. Do you want this wonder-
ful Spirit of God?

MEMORIAL DAY

Mothers of men who for freedom
have died.

We ask to be with you today,
To weep for your heroes, to kneel by
your side,

And to offer our garland of bay.
The nation, sad mothers, is sharing
your grief

For your sons, so heroic and
strong,

Who gave up their lives for a simple
belief
That oppression and murder are
wrong.

To you then this people its pledge
freely gives
That the cause for which they gave
their lives

Shall triumph, as sure as America
lives,
As sure as her honor survives!

The boys who are buried out there in
Lorraine,
Who in Flanders lie under the sod,
Shall not for our freedom have suf-
fered in vain.
So help us, Omnipotent God!

RESOLUTION NO. 1011

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE CALLING A SPECIAL ELECTION TO BE HELD ON THE 4TH DAY OF JUNE, 1918, IN THAT CERTAIN TERRITORY CONTAINED WITHIN THE BOUNDARIES OF PROPOSED MUNICIPAL IMPROVEMENT DISTRICT NO. 2 OF SAID CITY, PROVIDING FOR SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT THE PROPOSITION OF INCURRING A DEBT BY ISSUANCE OF BONDS OF SUCH DISTRICT FOR THE PURPOSE OF ACQUIRING AND CONSTRUCTING WORKS FOR THE DISTRIBUTION AND SUPPLYING OF ELECTRICITY TO THE INHABITANTS OF SUCH DISTRICT FOR LIGHTING, HEATING, POWER AND ALL OTHER USEFUL PURPOSES INCLUDING THE ACQUISITION OF LANDS, EASEMENTS, RIGHTS OF WAY, STRUCTURES, POLES, PIPES, PIPE LINES, CONDUITS, WIRES, FIXTURES, TRANSFORMERS, METERS, SERVICES, APPARATUS, AND ALL OTHER PROPERTY, AND THE CONSTRUCTION OF MAINS AND LINES AND OTHER WORKS NECESSARY FOR SUCH PURPOSES; PROVIDING FOR THE ISSUANCE AND SALE OF SUCH BONDS FOR SUCH PURPOSES AND FOR THE LEVYING OF A TAX FOR PAYMENT OF SUCH BONDS; AND ESTABLISHING ELECTION PRECINCTS AND POLLING PLACES IN SAID TERRITORY AND APPOINTING THE OFFICERS OF ELECTION FOR SAID SPECIAL ELECTION.

Whereas, on the 4th day of April, 1918, a petition was filed in the office of the City Clerk of the City of Glendale and ex-officio clerk of the legislative body of said city, to wit: the Board of Trustees of said city, requesting that proceedings be taken under the provisions of an act of the Legislature of the State of California entitled, "An act to Provide for the Formation of Districts within Municipalities for the Acquisition or Construction of Public Improvements, Works and Public Utilities Therein; for the Issuance, Sale and Payment of Bonds of such Districts to Meet the Cost of Such Improvements, and for the Acquisition or Construction of such Improvements," approved April 20th, 1915, for the purpose of acquiring and constructing works for distributing and supplying electricity to the inhabitants of such district for lighting, heating, power and all other useful purposes, including the acquisition of lands, easements, rights of way, structures, poles, pipes, pipe lines, conduits, wires, fixtures, transformers, meters, services, apparatus, and all other property, and the construction of mains and lines and other works necessary for such purposes, and said petition was signed by not less than ten (10%) per cent of the qualified electors of the territory so proposed to be formed into said Municipal Improvement District No. 2; and

Whereas, in pursuance of said petition and of the act of June 20th, 1915, the Board of Trustees of the City of Glendale on the 9th day of May, 1918, passed an ordinance designated as "Ordinance No. 332" of said city containing the matters prescribed by said act and declaring the intention of the Board of Trustees to call an election in that part of the City of Glendale contained within the boundaries of said proposed municipal improvement district to be known as "Municipal Improvement District No. 2 of the City of Glendale," for the purpose of submitting to the qualified electors of said district the proposition of authorizing the issuance and sale of bonds of such district in the manner provided for in said Act, to meet the cost of said proposed improvement; and said ordinance was approved and adopted by the Board of Trustees of said City on the 9th day of May, 1918, and was thereafter duly published as provided by law; and

Whereas, no protests had been filed with the said City Clerk on the 23d day of May, 1918, which last named day was the time set in and by said Ordinance No. 332 for the hearing of protest; and

Whereas, no protests were filed or offered, and thereupon the Board of Trustees of said City of Glendale acquired, and now has jurisdiction to proceed further in accordance with the provision of said act;

Now, Therefore, the Board of Trustees of the City of Glendale do resolve as follows, to wit:

SECTION 1. That a special election be, and the same is, hereby called to be held on the 4th day of June, 1918, within proposed Municipal Improvement District No. 2 of the City of Glendale, the exterior boundaries of which district are contained in said ordinance of intention and hereinafter described, for the purpose of submitting to the qualified electors in said district the proposition of incurring a debt for the issuance of bonds of such district for the purposes set forth in said ordinance of intention and hereinafter stated: The exterior boundaries of said district being particularly described as follows, to wit:

Beginning at the northwest corner of Lot 45 of Watts' Subdivision of a part of the Rancho San Rafael, as per map recorded in Book 5, pages 200-201 of Miscellaneous Records of Los Angeles County, California, said corner being situated upon the south line of that certain 97.2 acre tract of land allotted to Julio Verdugo, as shown on the map filed in District Court case No. 1621 of aforesaid Los Angeles County; thence westerly along the south line of said 97.2 acre tract of land to the southwest corner thereof; thence northerly along the westerly line of said 97.2 acre tract of land to the southeast corner of Lot 1 of the "Subdivision of Lot 34 of Watts' Subdivision of a part of the Rancho San Rafael," as per map recorded in Book 36, Page 4, Miscellaneous Records of aforesaid Los Angeles County; thence westerly along the southerly lines of Lots 1, 2, and 3 of said subdivision, to the southwest corner of said Lot 3; thence southerly along the westerly line of said Subdivision to a point midway between the center lines of

Ninth Street and Acacia Avenue (formerly Tenth Street); thence westerly along a line midway between the center lines of said Ninth Street and Acacia Avenue to the easterly line of "E. S. Butterfield's Subdivision," as per map of same recorded in Book 18, page 29, Miscellaneous Records of aforesaid Los Angeles County; thence along the easterly line of last mentioned Subdivision to the southerly line of Lot 9 of said "E. S. Butterfield's Subdivision," produced easterly; thence along the production of, and along the southerly line of said Lot 9, and along the southerly line of Lot 10 of said Subdivision and its production westerly, to the westerly line of Glendale Avenue; thence along the westerly line of Glendale Avenue to a point midway between the north and south lines of Lot 30 of "Watts' Subdivision of a part of the Rancho San Rafael as aforesaid;" thence westerly along a line drawn midway between the north and south lines of Lots 30 and 29 of said Watts' Subdivision, and the production westerly of said line, to the center line of Central Avenue; thence northerly along said center line of Central Avenue to its intersection with the northerly line of the aforementioned Watts' subdivision; thence westerly along said north line of Watts' Subdivision to the southwest corner of Lot 20 of J. W. Imbler's Replat, as per map recorded in Book 10, page 35 of Maps, records of Los Angeles County; thence westerly to the southeast corner of Lot 47 of Riverdale Heights, as per map recorded in Book 4, page 1 of Maps, records of Los Angeles County; thence westerly along the south line of said Lot 47 to the southwest corner thereof; thence northerly along the west line of said lot to the northwest corner thereof; thence westerly along the north line of Lots 49, 51, 53, and 55 of said Riverdale Heights and the westerly prolongation thereof to its intersection with the easterly boundary line of the territory annexed to the city of Los Angeles by the election of February 18, 1910; thence southeasterly along said easterly boundary line of the City of Los Angeles, following the various courses and curves thereof to a point where said easterly boundary line is intersected by the southwesterly prolongation of the southeasterly line of Block F of the Santa Eulalia Tract, Sheet No. 1, as per map recorded in Book 16, pages 78 and 79 of Maps, Records of Los Angeles County; thence northeasterly along said southwesterly prolonged line to the most southerly corner of said Block F; thence northeasterly along the southeasterly line of said Block F and the northeasterly prolongation of said southeasterly line of said Block F of the Santa Eulalia Tract, Sheet No. 1, to a point situated 183 feet northeasterly, measured at right angles from the center line of San Fernando Road as said center line is shown on County Surveyor's Map No. 7268 of said road on file in the office of the County Surveyor of said Los Angeles County; thence northeasterly parallel with said center line of San Fernando Road to the easterly line of Glendale Avenue as shown on Santa Eulalia Tract, Sheet No. 1, aforesaid; thence north 15 degrees, 33 minutes, 15 seconds east parallel with the east line of Lot D of said Tract and distant therefrom 66 feet to the southerly line of Watts' Subdivision of a part of the Rancho San Rafael as aforesaid; thence easterly along said southerly line of Watts' Subdivision to the southwest corner of aforesaid Lot 45 of Watts' Subdivision; thence northerly following the various courses of the westerly boundary of said Lot 45 to the northwest corner thereof, being the point of beginning. The same being all that territory included within the city boundary lines of the former City of Tropic as incorporated on March 7, 1911;

SECTION 2. The objects and purposes for which said proposed indebtedness is to be incurred are the acquisition and construction of works for distributing and supplying electricity to the inhabitants of such district for lighting, heating, power and all other useful purposes, including the acquisition of lands, easements, rights of way, structures, poles, pipes, pipe lines, conduits, wires, fixtures, transformers, meters, services, apparatus, and all other property, and the construction of mains and lines and other works necessary for such purposes.

SECTION 3. That the estimated cost of said proposed improvement is \$44,000.00; that the amount of the principal of indebtedness proposed to be incurred is the sum of \$44,000.00, and the rate of interest to be paid on said indebtedness shall be six (6%) per centum per annum, payable semi-annually.

SECTION 4. The polls of said election shall be opened at 6 o'clock, A. M., of the day of the election and shall be kept open until 7 o'clock P. M., when the polls shall be closed, except as provided by Sec. 1164 of the Political Code of the State of California.

SECTION 5. That there shall be printed on the ballots to be used at said special election, in addition to the other matters required by law, the following proposition to be voted on, to wit:

"Shall that certain proposed Municipal Improvement District, known as Municipal Improvement District No. 2 of the City of Glendale, incur a bonded debt of \$44,000.00 for the purpose of acquiring and constructing works for distributing and supplying electricity to the inhabitants of such district for lighting, heating, power and all other useful purposes, including the acquisition of lands, easements, rights of way, structures, poles, pipes, pipe lines, conduits, wires, fixtures, transformers, meters, services, apparatus, and all other property, and the construction of mains and lines and other works necessary for such purposes?"

That opposite the above proposition to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines within voting squares.

SECTION 6. For the purpose of holding and conducting said special election, said district as above described is hereby subdivided into two voting precincts denominated as Special Election Precinct Nos. 1 and 2, inclusive, with the following boundaries and places at which the polls

WAR CONFERENCES

The Legislative Act creating the State Council of Defense in California makes it the "Duty of every public officer, Board or Commission of the State of California to render to the State Council of Defense all possible assistance and to make such investigations and supply such data as the Governor may at any time require."

Upon this provision the State Council of Defense built its activities from the beginning, taking advantage wherever possible of the assistance that the different Commissions and Departments were able to render, and wherever possible matters were referred to the different Departments for information, investigation and action, the theory being that these departments could render quicker and better service than could be secured by news agencies.

Americanization was assigned to the Immigration and Housing Commission; Scientific investigation under the supervision of the Scientific Department of the University of California; Increased Food Production was sought through the Agricultural Department of the University and its extensive agencies throughout the State. The matter of Roads and Highways was committed to the Department of Highways, and so on, the State Council of Defense always supplying whatever information and assistance possible and keeping in close and constant relation to these various departments and commissions. The thought being to co-ordinate rather than create, and always willing to give credit where it belonged rather than to seek to take credit for accomplishments.

With the same spirit of co-operation the State Council of Defense has endeavored to carry out at all times the recommendations from the Council of National Defense and the various Federal Departments, recognizing these at all times as essentially commands. In the same manner co-operation was sought with every locality in the State in the creation of County Councils of Defense and later in Community Organization, by which it was sought to carry the war activities of every character into every school district and to reach the last man and the last woman for patriotic service. Willing assistance has been rendered at all times to the Liberty Loan and Red Cross drives, to the food administration and to all other bodies and agencies engaged in war service.

The State Council of Defense created and financed the Military Welfare Commission with an efficient body of experienced workers guarding and promoting the welfare of soldiers in the training camps.

The Women's Organization is financed by and in every way supported by the State Council of Defense. In its State-wide activities it is doing a work that commends itself. A feature of the Women's work that deserves notice and of growing interest is the establishment in Libraries throughout the State of Bureaus of war information. This work has been under the direction of Mrs. Frances Carlton-Harmon, a member of the Women's Committee. About 3,000 libraries throughout the State are thus made a prime distributing medium for war literature and in many cases for food exhibits and conservation methods. The State Council of Defense has given the necessary limited financial support to this also.

In the creation and financing of the Thelan Committee the State Council

will be opened in said precincts, respectively, are hereby established and designated, and the following named election officers therefor are hereby appointed, to wit:

Special Election Precinct No. 1

Consisting of Glendale City precincts 16, 17 and 18 as formed by order of the Board of Supervisors of Los Angeles County on January 23d, 1918.

Polling Place: 501½ N. Brand Boulevard.

Inspector: Mrs. Mai Henry.

Judge: Mrs. Emiline Rooke.

Clerk: Mrs. Arminto Armstrong.

Special Election Precinct No. 2

Consisting of Glendale City precincts 19 and 20 as formed by order of the Board of Supervisors of Los Angeles County on January 23d, 1918.

Polling Place: 2d floor City Hall Building, Brand Boulevard and Tropic Ave.

Inspector: W. H. Bullis.

Judge: Lily D. Howe.

Clerk: Julius Moniot.

SECTION 7. That in all particulars not recited in this resolution, such election shall be held and conducted as provided by law for holding general municipal elections in said City of Glendale.

SECTION 8. The City Clerk shall certify to the passage of this resolution by unanimous vote of the members of the Board of Trustees of the City of Glendale and cause the same to be published five times in the "Glendale Evening News," a daily newspaper printed, published and circulated in the City of Glendale.

G. B. WOODBERRY, Pres. Board of Trustees, City of Glendale.

J. C. SHERER, City Clerk, City of Glendale.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing resolution was adopted by a unanimous vote of the Board of Trustees of the City of Glendale at a regular meeting thereof held on the 23d day of May, 1918, and that all the members of the Board of Trustees of said City were present at said meeting.

J. C. SHERER, City Clerk, City of Glendale.

224t5

of Defense caused to be made the most thorough investigation of the Petroleum situation in California that has ever been made. The report of that Committee is authority upon the subject and has been made the basis for legislative consideration in Congress. This report is of such high authority that it has been called for from almost every part of the world.

The saving of man power by reducing deliveries of merchandise has probably received more effective action in California than in any other State in the Union, almost every city and town in the State is conforming.

Through the efforts of the State Council of Defense in preventing alien activities and enemy propaganda hundreds of cases have been handled in the various counties of the State and not less than sixty arrests had been made from the beginning of the war up to November 1st last.

Reports from County Councils show large increase in food production in practically every county of the State, and the Agricultural Department at Washington confirms these reports. This increase was very largely due to the efforts of this Council as the matter was entirely in our hands until after the crops were all planted.

A questionnaire sent to all the Counties of the State brought the answer that all farm labor required for 1917 was furnished in 34 counties through the farm labor agents appointed by the County Councils of Defense. In 2 counties no labor was furnished, and in 14 counties no extra labor was required. Forty-two counties report no loss of crops from lack of labor, and only 8 counties report any loss, and these very slight loss, mostly of perishable fruits.

Committees have been appointed in the different counties to offer legal and business advice to men called to military service.

In the increase of the number of farm advisers in California from 19 to 31; the enforcement of the vagrancy laws against idlers; in the prevention of fires in grain fields; in the recruiting of men for military service; in securing signatures to the Food pledge; in the marketing of crops from certain sections; in organizing school boys for farm labor, especially during harvest season; in the registration of men, for shipbuilding; in extending the use of surplus water to land having no water right, and in many other similar matters affecting the welfare of the people the State Council of Defense has been a potential moving or supporting agency.

Advice, recommendations and information directly from the State Council of Defense to the County Councils of Defense have been covered in 79 Bulletins dealing with almost every subject affecting the people in farm time.

This report for the sake of brevity is very general in character, giving a glimpse of our activities rather than attempting to set them out in detail.

New calls for service are constantly arising, and with the increasing stress that will come to all of our people as greater requirements are laid upon them the State Council of Defense will find its opportunities more and more urgent and its responsibilities more and more exacting.

HOME FOLKS OBJECT TO FOE'S FUNERAL

Baron Richthofen's military funeral behind the British lines and the tribute which British airmen accorded their dead nemesis have aroused some resentment in England.

Although Richthofen is regarded as having been a gallant enemy and a courageous fighter this disinclination to honor the enemy, even in death, is more emphatic in his case than it has been in the cases of others just because Richthofen's career and death were unusually spectacular. His funeral thus attracted more attention than the usual burial of a fallen enemy airman, and the consequent objection is in proportion.

"If the Germans were gallant adversaries and gentlemen we wouldn't be fighting them," says one critic. "We would be able to come to terms with them. A gallant adversary would not try to stab us in the back, and a gentleman would keep his agreements."

"The Germans are not gallant adversaries. Frightfulness is their weapon. Lying is the inspiration of their diplomacy. We are fighting them because they are not gentlemen."

"Are we to waste our tears on the individuals who perish in trying to bring about the triumph of hate?"

If Richthofen's successor is brought down he probably will have the same honors that the dead German ace has received, because the soldier in the field is the man who

accords the honors while the critic at home merely makes suggestions. It has happened before.

Once some dead German sailors were brought ashore after a fight with some British destroyers. They were buried with honors, and a wreath from a British admiral called them a "Brave and Gallant Enemy." There was some indignation in England, but it got nowhere.

Richthofen was buried with the honors that the men who had fought him chose to accord to him.

TRACTOR SOLVING FARM PROBLEMS

(By United Press)
WASHINGTON, May 28.—The

American farmer is carrying on, though his sons and his horses have gone to the war by regiments and droves.

He has got to produce bigger crops, over wider areas, this season than ever before, if the world is not to starve. Without his horses and his sons, and with farm hands as scarce as ukuleles at a symphony concert, the American farmer is out to win, and he's winning.

One hundred thousand tractors are chug-chugging away in the fields, early and late, doing the work of at least 200,000 farm hands and 800,000 horses.

The farmer has pinned his faith to the tractor, and if he can win over the submarine with it this year, neither the I. W. W. nor the Malthusian law ever again can worry the food producer. The tractor is solving the American food production problem, the back-to-the-land problem, and many other things that used to give the good American gray hairs.

Last summer not more than 40,000 tractors were in use on American farms, and the gasoline plow horse was looked upon as an experiment. Now twelve factories are running night and day to supply the demand for tractors, and the railroad administration is rushing thousands of tractors to the fields. More than 200,000 of these gasoline laborers will be in use by the end of this year, officials of the department of agriculture estimate.

The department of agriculture, through its local agents, has carried on a campaign of education in the use of tractors throughout the country. Colleges of agriculture in Ohio and Minnesota put on special courses for farmers who wished to learn how to use tractors to the best advantage. Many neighborhood associations of farmers have been formed to buy tractors, so that the machines never will be idle. As soon as one farmer

has finished a certain job, he delivers the tractor to his neighbor, who drives straight through with his job so that another neighbor may have the use of the machine.

The tractor never requires a rest at the headland, nor does it pause to graze on the growing corn as it goes along.

The United States Navy has developed an American mine believed to combine all the good points of various types of mines, and is manufacturing them in quantities.

Appropriations available for expenditure for the Naval Service for the fiscal year ending June 30, 1918, total \$1,741,109,401.90.

The United States Ordnance Department manufactures about 100,000 items. One type of gun with its carriage has 7,990 parts, exclusive of accessories.
